SUMMARY

With over two years of hands-on experience, I design, implement, and maintain systems that drive efficiency and growth. I excel in developing new solutions and improving existing ones, focusing on scalable, maintainable results. Eager to contribute to diverse projects, I bring a proactive approach and a passion for continuous learning, always delivering high-quality outcomes.

SKILLS

PROFESSIONAL EXPERIENCE

PEACE2P CORP   WEB DEVELOPER
📍 Taguig City   📅 Oct 2022 - Present

- Designed and implemented a General Asset Inventory System to organize asset tracking, enhance accurate record-keeping, and improve overall asset management, including real-time monitoring, reporting, and life cycle optimization.
- Established a Right of Way Payment System to manage payments efficiently by organizing and processing required documents accurately.
- Contributed to the Project Management System (Collaboration) by working on various modules and features to enhance team collaboration, task management, and project tracking.
- Developed the Local Manpower Attendance and Group Payroll System to manage field worker attendance and calculate weekly salaries.
- Deployed and maintained an in-house Enterprise Resource Planning (ERP) system, implementing end-to-end business management solutions to streamline operations, improve efficiency, and support growth.
- Integrated new modules into legacy software using clean, scalable, and maintainable code.
- Mitigated daily production issues through the development of a daily task activity module.
- Actively participated in weekly meetings with executives, contributing to brainstorming and idea generation.

BPO RESONO INC.   WEB CONTENT EDITOR
📍 Makati City   📅 Jan 2019 - Jun 2019
